KARANODAKA'S JOURNEY TOWARD INTELLIGENT AUTOMATION

FROM LEGACY SYSTEMS TO INTELLIGENT OPERATIONS

At Karanodaka, we help enterprises modernize operations, streamline workflows, and improve decision-making through intelligent digital solutions.

“

At karanOdaka, We turn complex business challenges into intelligent digital solutions.

OUR EXPERTISE SPANS FOUR CORE AREAS:

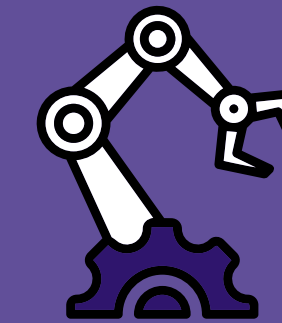

Digital Engineering

Modernizing legacy systems and building scalable enterprise applications.

Infrastructure Services

Secure, reliable cloud and IT operations that support business growth.

Smart Automation

Automating repetitive processes to improve efficiency and reduce manual effort.

SafeNod

A safety intelligence platform that helps organizations manage incidents, strengthen compliance, and proactively identify workplace risks.

A PARTNER ECOSYSTEM BUILDING BETTER SOLUTIONS TOGETHER STRONG PARTNERSHIPS. BETTER OUTCOMES.

At Karanodaka, we believe great technology is built through collaboration. By working with leading technology partners, we help organizations modernize operations, improve efficiency, and solve complex business challenges.

“

OUR ECOSYSTEM

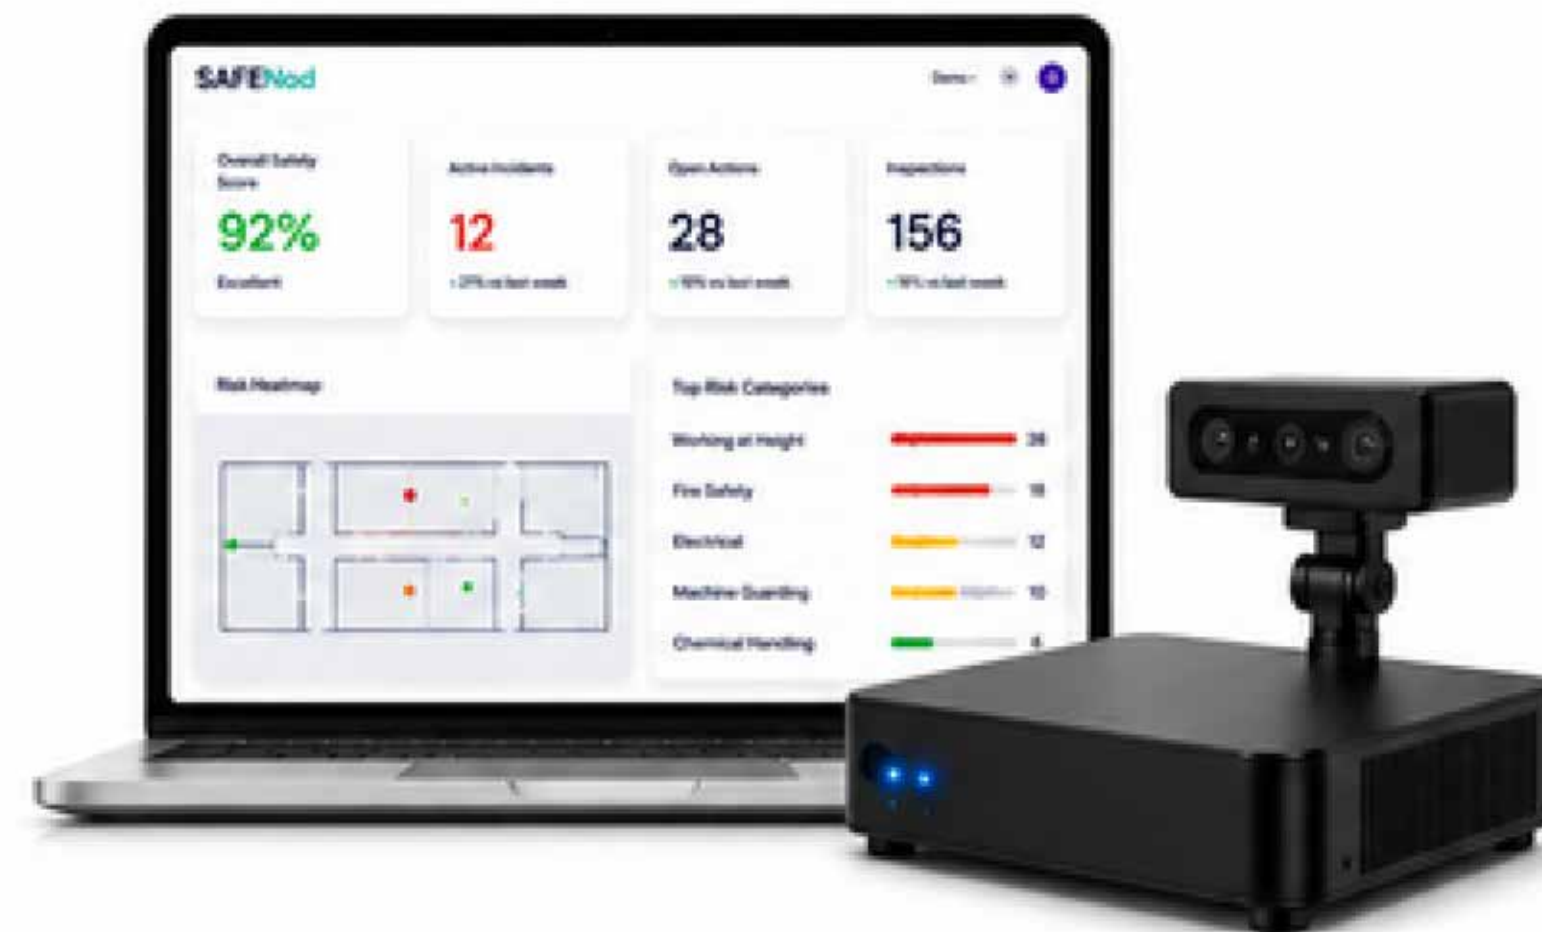

The Next Era of Workplace Safety

INTRODUCING

SAFENod
Where Safety Meets Intelligence

AI-Powered EHS Intelligence for
Safer, Smarter Operations

SafeNod is KaranOdaka's AI-powered Environmental, Health & Safety platform designed to help organizations predict risks, automate compliance, streamline inspections, and gain real-time operational visibility. By combining artificial intelligence with intelligent workflows, SafeNod enables businesses to move beyond responding to incidents and start preventing them before they occur.

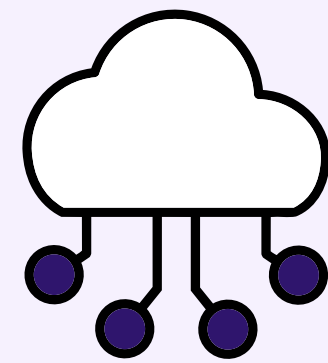

HOW WE HELP BUSINESSES

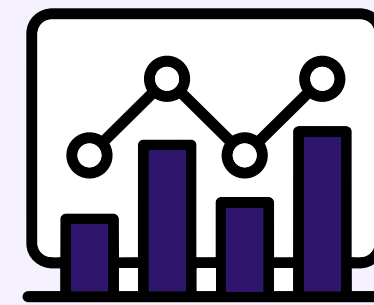

Cloud Migration

Move applications to the cloud securely and efficiently.

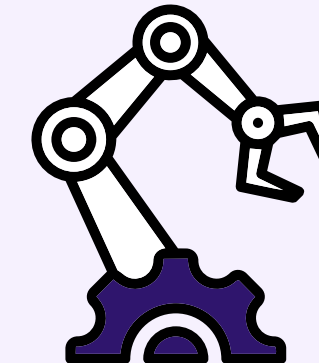

Application Modernization

Upgrade legacy systems for better performance and scalability.

Data & Analytics

Turn business data into meaningful insights.

Automation

Reduce manual work and improve operational efficiency.

Security & Compliance

Protect business data while meeting compliance requirements.

“

Our vision is to redefine the future of workplace safety by combining AI, data intelligence, and human expertise. We are not just developing software, we are creating an intelligent ecosystem that empowers organizations to achieve operational excellence and zero harm.”

Fiona McCarthy
Chief People and Culture
officer at AWS summit

Prasanna Srinivasa Varadhan
CTO of LTIMindtree

“

People are the foundation of innovation. We are building a futureready workforce by fostering a culture of continuous learning, collaboration, and purpose, enabling our talent to create meaningful impact for our customers and the industry.”

VIJAYA LAXMI

HR Leadership

“

Tomorrow's EHS is about creating a culture where safety is driven by real-time data and predictive insights rather than paperwork. We are committed to building safer, smarter, and more sustainable workplaces through continuous innovation and digital transformation.”

VIKRAM THYAGAMURTHY

EHS Director

“

The future of technology lies in AI-native, predictive platforms that transform safety from reactive reporting to proactive risk prevention. Our focus is on digital twins, computer vision, IoT, and generative AI to build intelligent workplaces where risks are identified and mitigated before incidents occur.”

HARSHINI

Technical Lead

“

Customers are looking for solutions that are simple, scalable, and deliver measurable business outcomes. Our mission is to understand evolving customer needs and explaining the required AI-powered solutions that improve compliance, productivity, and operational excellence.”

DIKSHA DWIVEDI

Campaign Analyst

ZAKEER HUSSAIN KARANI

MANAGING DIRECTOR, NAFA BARTER,
DUBAI

“

KaranOdaka successfully transformed our fragmented systems into a unified trading platform, streamlining our operations and improving overall efficiency. Their team managed the entire product lifecycle from solution design and development to testing, deployment, and DevOps with Professionalism and technical expertise. The resulting platform is robust, scalable, & seamlessly integrates all key modules, providing a reliable foundation for our business. We highly recommend KaranOdaka Technologies as a trusted technology partner for complex software development and digital transformation initiatives.

CUSTOMER SUCCESS

Recognition That Drives Us Forward

“

Every recognition strengthens our purpose.
Every milestone inspires **our next**.

Recognition That Drives Us Forward

Karanodaka at AWS Tech Summit Bengaluru
April 23, 2026

Our Karanodaka technical team proudly participated in the **AWS Tech Summit** Bengaluru at ITPL, Whitefield, alongside our valued technology partner, AWS.

The summit provided an excellent opportunity to explore the latest innovations in Cloud Computing, Artificial Intelligence (AI), and Generative AI (GenAI) while engaging with industry experts and technology leaders.

At Karanodaka, we remain committed to leveraging emerging technologies to build intelligent, scalable, and AI-driven solutions that deliver measurable value to our customers.

AWARDS & ACHIEVEMENTS

EMPLOYEE SPOTLIGHT OF THE MONTH

JUNE 2026

CHARLES A
Software Engineer
